

ODMG Compliance

The main differences between ODMG 2.0 and 3.0 were in the Object Definition Language (ODL) and the Java binding. ODMG 3.0 had virtually no change from ODMG 2.0 for the Object Query Language (OQL) and the C++ binding.

	ODL – Object Definition Language	OQL – Object Query Language	C++ binding	Java binding	Smalltalk binding
FrontierSuite - EJB	√ODMG 3.0	√ODMG 3.0		√ODMG 3.0	
FrontierSuite - Standalone	√ODMG 3.0	√ODMG 3.0		√ODMG 3.0	
Forte for Java
